

## **Downtown Construction Activities**

***Proposed work activities for the week of August 29<sup>th</sup>, 2021***

- The contractor at the Generals Bridge project will continue installing new masonry veneer panels, street lighting a top plinths and asphalt paving at bridge. The Thomas Burgin Parkway north bound lane on the west side adjacent to the bridge remains closed. Traffic is reduced to one lane in either direction with the concrete barricades on the sides. Vehicular traffic should use caution when entering this area.
- At the McConville Way project the contractor will continue construction of the catenary lighting, waterproofing, and dumpster enclosure fencing in the alleyway between the 1495 and 1500 Hancock St buildings. At the future pocket parks, the contractor will continue install of security cameras, communication equipment, Wi-Fi transmitters and begin the install of various art pieces. In addition, the contractor will be installing new street signs and posts
- Work continues along the face and above the existing 25 Temple St building for the new structural steel and prefabricated structures. Currently, the sidewalk along Temple St at the building remains open during construction. The contractor will continue installing the new prefabricated structures above the existing building in the next few weeks. Their will be temporary detours as the prefabricated pieces are being set in place.

(The photo on the above left shows the construction of new dumpster enclosure in the alleyway. The above right photo shows the contractor installing masonry veneer panels at the bridge plinths.)
